

CONTACT YOUR SENATORS TO REPEAL SGR
The 21% payment cut that took effect on March 1 has been postponed until April 1.

All physicians and their patients are urged to contact their U.S. senators and insist that they pass legislation to repeal Medicare's sustainable growth rate (SGR) formula.

Physicians and patients can contact their senators two ways:
AMA's toll-free grassroots hotline at (800) 833-6354
or by calling your Senators directly.

Senator Frank Lautenberg:
(973) 639-8700

Senator Robert Menendez:
(973) 645-3030

REMINDER: *Physicians have until March 17, 2010 to decide their participation status in Medicare*
