

RESOLUTION #12

Introduced by: Essex County Medical Society

Subject: **Purchase Reimbursement for an Electronic Medical Record System (EMR)**

Referred to: Reference Committee

1 Whereas, the New Jersey Institute of Technology, as one of the government-approved
2 oversight agencies for EMR meeting implementation goals, listed the following as some
3 of the absolute requirements for purchase reimbursement; listing allergies, listing drug
4 interactions, e-prescriptions, sharing information with other physicians and providing a
5 summary history for patients; and
6

7 Whereas, these goals are not easy to implement; and
8

9 Whereas, members using non-approved agencies may not prepare their EMR's properly;
10 now therefore be it
11

12 RESOLVED, that MSNJ assist county societies in finding government-approved
13 oversight agencies to help members meet the requirements for purchase reimbursement
14 on the Electronic Medical Record system.
